CANCER RESOURCE CENTER - \$1,500

The CSV Cancer Resource Center (CRC) provides complimentary wigs and prostheses for cancer patients in our community. Appearance-related effects of cancer treatment can be difficult for many people. The CRC aims to empower patients diagnosed with cancer to look and feel their best during treatment and beyond; to cope with dignity and confidence. With all of the medical costs associated with treatments, finding the discretionary funds to purchase a wig or prostheses not covered by insurance can sometimes be a challenge. Please help support this vitally important program.
